

ONE-MONTH CHALLENGE: RAISE \$30 IN 30 DAYS

All adults (and seniors) who participate in WCS Run for the Wild must raise a minimum of \$30. Here are five tips for reaching this goal:

- Create a donation jar and throw in your change each day. Having guests over? Ask them to contribute their pocket change, too
- Bake muffins to bring to your office in the morning and sell each one for \$1. Make sure you tell people about the great cause they're supporting!
- Use the power of your social network: Ask 30 of your Facebook friends to donate \$1 towards your fundraising page—be sure to include the link with your message.
- Host a dinner party, and in lieu of beverages, ask six of the guests to contribute \$5 each.
- Tap your skill set: Are you an expert mender? A handyman? A photographer or yogi? Whatever your strong suit, offer your skills to a few friends who could use your help, and ask each one for a \$10 donation as compensation.
